Case No. 2:11-cv-01484-JAD-GWF

ORDER
[#27]

12
13 On May 8, 2012, this court denied this habeas petition (Doc. 25), and judgment was entered
14 (Doc. 26). Now before the court is petitioner's purported motion to intervene, filed more than three
15 years later on May 18, 2015 (Doc. 27). Petitioner appears to have filed only part of a document that
16 states that several "plaintiffs" wish to intervene with newly discovered evidence. While she included
17 this case number, it is unclear if petitioner really intended to file this document in this case, or perhaps
18 another. In any event, this motion is denied as untimely and frivolous.

19 **IT THEREFORE IS ORDERED** that petitioner's motion to intervene (Doc. 27) is **DENIED**.
